The Micro & Nano Technology Sector Group

The Micro & Nano Technology Sector Group closes the gap between companies and research institutions in Europe and beyond. The members offer a comprehensive range of services starting with the initiation of strategic transnational contacts between potential partners.

The members of the Sector Group are dedicated experts with practical experiences in matters of technology transfer, RTD exploitation strategies, market opportunities and legislative peculiarities of the Nano/Micro sector.

Your gateway to a specialist network of professionals offering

- Access to business and R&D contacts in private and public life science organisations across 40 countries
- Tailored events, company missions and special open innovation tools
- Access to key information on collaborative funding schemes, EU policies and legislation

Building Bridges

The Enterprise Europe Network is your gateway to competitiveness and innovation. Wherever you are in Europe, you can get access to all the information you need to develop your business and find the right business partners.

The Network offers support and advice to businesses across Europe and helps them make the most of the opportunities in the European Union. The services are specifically designed for small and medium enterprises (SMEs) but are also available to all businesses, research centres and Universities.

The Enterprise Europe Network is made up of close to 600 partner organisations in more than 40 countries, promoting competitiveness and innovation at the local level in Europe and beyond.

Business Support on Your Doorstep

- Access to business and R&D contacts in private and public organisations.
- Promotion of innovative technologies, products and services in the field of Micro & Nano Technologies
- Tailored events, company missions and the worlds largest database for business and technology cooperation...
- Access to key information on collaborative funding schemes within EU research programmes
- Assists in EU legislation matters such as directives and regulations.

Please ask your nearest Sector Group member for the actual forthcoming events !
